*Saturday 6 October 2018, 10.15am-6pm (9.45am registration)*

*Seaford Baptist Church (Belgrave Road, SEAFORD, BN25 2EE)*

The Christian Dance Fellowship of Britain (CDFB) was born in 1990, and is part of the broader International Christian Dance Fellowship, an organisation fostering links between national dance fellowships across the world. The CDFB is a network that connects dance enthusiasts who share the Christian faith. We aim to be a place of connection and meeting for people with a Christian faith who are seeking to explore, understand and develop their relationship between dance and faith. We understand that dance can be enjoyed on many levels; for some it is the pleasure of expressing their spiritual worship, healing and release and for some dance is a moving art that has its part to play in the construction of culture. Therefore we do our best to encourage and support dancers of all abilities and across all forms and genres, through prayer and fellowship, by sharing practice in workshops and community performances and by contextualising practice through biblical teaching

Our gatherings give us the opportunity to celebrate all that our God is doing through the art form of dance, where we can be a community, who together can enjoy embodied prayer and worship and be inspired, strengthened and encouraged by The Holy Spirit and each other.

**Survey - church social action:**

We received an email this week, asking for input from our churches - it would be really helpful if as many of our churches as can would take the 10-15 minutes to fill in the survey and help them with the research - thank you

"I am Rae Padgham, from the think tank Demos, and we are working with the Good Faith Partnership for a research project about church social action. Many churches are doing extensive community work for social purpose - from food banks, to youth clubs, to financial advice and many other things. For these projects, they often work with non-Christian organisations, such as local authorities, businesses, charities or schools.

Our report will look at partnership working, the partnership projects that churches are already doing and how they can be better supported in their work. We are collecting

responses from churches through this survey:
